COMPANY

Your sourcing team in Bangladesh

RM Fashion BD is a Dhaka-based garment buying house. Since 2018, our team has worked with manufacturing partners to develop, source and follow apparel orders for international buyers.

Our mission

Source garments to agreed specifications and communicate clearly on costing, quality and production progress. Match the factory and documentation to each buyer's brief.

Our vision

Build long-term sourcing relationships through dependable follow-up, responsible production and consistent garment quality.

Bangladesh Garment Buying House Association

RM Fashion BD is listed as member **00716**, with directory validity shown through 30 June 2027. **View the BGBA member directory**.

BUYING SERVICES

From brief to shipment

Our sourcing and merchandising team coordinates each stage in Bangladesh. Confirm specifications, approvals and documentation with us before bulk production.

01 **Brief, costing & factory selection**

Share your technical pack, quantity, destination and required delivery window. We review style requirements, discuss costing and identify suitable factories against the buyer brief.

02 **Materials & sampling**

Source fabric, yarn and trims to the agreed specifications. Develop and revise samples, then check fit and construction against the technical file before buyer approval.

03 **Production follow-up & inspections**

A merchandiser tracks approvals and production milestones. Quality checks cover incoming materials, measurement and workmanship. Agree on inspection points and final sampling criteria.

04 **Packing, shipment & documents**

Confirm packing instructions and final release. Coordinate cargo bookings with the nominated forwarder and support preparation of export documentation.

Inspection arrangements

We can coordinate pre-shipment inspection with a buyer-approved third party when required. Agree inspection scope, checkpoints and responsibility before the order starts.

CATALOGUE

Our product range

Discuss availability, materials and construction for your order using the reference ranges below. We can work from an existing sample, a photo or your technical pack.

QUALITY & COMPLIANCE

Why choose RM Fashion BD

Our team follows your order from sample review to shipment. Agree on requirements early so the buyer, factory and quality team work from the same brief.

Cost clarity

Review material, construction and order requirements before agreeing the quote.

Quality follow-up

Use buyer-approved samples and inspections to check production against the brief.

Delivery coordination

Track production, packing and cargo milestones with the merchandising team.

Quality checkpoints

- Pre-production sample approval and material checks
- Inline inspection and measurement or workmanship checks
- Final random inspection using the agreed AQL sampling plan
- Pre-shipment approval, packing checks and documentation

Factory and product documentation

Tell us which audit, certificate, test report or label requirements apply. Evidence depends on the selected facility, product and order scope. Confirm the holder, validity and scope of any document before relying on it.

Responsible sourcing

Share workplace safety, labour and environmental requirements in the buyer brief so we can discuss factory selection and the records to review.

SOURCING NETWORK

Selected buyers & partners

This selection introduces buyers and manufacturing partners in our network. Factory assignment is confirmed for the product, order quantity and buyer documentation requirements.
